Every time I see your face
I'm lost for words I don't know what to say
You're smiling at me like a (wolf?)
I close my eyes as my skin crawls away

You go keep on making lists
I'll be happy making my mistakes
You'll be ticking off your boxes
I will be busy planning my escape

I won't stay but I can't leave
Some twisted sense of loyalty
And you make me love the things I hate
Keep pushing me, pushing me, keep pushing me away
Please keep pushing me, pushing me, keep pushing
me away

You're stripping wings off butterflies just to hide
the pain you feel inside
So keep telling yourself you're in charge, telling
yourself it will be alright
When you stay happy in the dark, I'll be out drifting
out towards light
When you start to speak your mind, I will just turn
around and roll my eyes---

I won't stay but I can't leave
Some twisted sense of loyalty
oh, you make me love the things I hate
Keep pushing me, pushing me, keep pushing me away
Please keep pushing me, pushing me, keep pushing
me away

(woooah, uh ohhh)

Stop breathing down my neck,
Do you understand me, yeah?
Sometimes in life you have to lose
Living life for me not for you (ohhhh)

I won't stay but I can't leave
Some twisted sense of loyalty

You make me love the things I hate
Keep pushing me, pushing me, keep pushing me away
(x 2)
So, please keep pushing me, pushing me, keep
pushing me away
