I guess it's funny how things change
I turned a corner and your life has turned a page
I saw the story in your eyes begin to fade before you hit
the ground
I saw you hit the ground

Trying to work out what it means
How can it all come down to lines upon a screen?
How can we lose something we've tried so hard to keep
out of the lost and found?
The lost and found

So keep your head up in the clouds
Live tomorrow now
Run rings 'round roses 'til we all fall down
'Til we all fall down

You said you want to move away
Live by the sea and watch the rising of the waves
But don't feel guilty 'cause you know I'm gonna stay
Look at all we've found
Look at all we've found

So keep your head up in the clouds
Live tomorrow now
Run rings 'round roses 'til we all fall down
Keep dancing 'til your last song's sung
'Til your last breath's done
Run rings 'round roses 'til we all fall down
'Til we all fall down

And time won't slow
It's ticking on our shoulders
No one knows, oh, nobody knows.

So keep your head up in the clouds.
Live tomorrow now
Run rings 'round roses 'til we all fall down.
Keep dancing 'til your last song's sung.
'Til your last breath's done
Run rings 'round roses 'til we all fall down

'Til we all fall down.
