Fukaku shizumari kaeru tsutsumikomareta sora to  
karada  
O kogasu taiyou, anata ga kieteiku  
Nani o motome samayou no? Hitorikiri no boku wa ...  
It all becomes completely quiet ... from the enwrapped  
sky and the sun that  
Scorches the body, you are vanishing  
What do you wander, searching for? As for myself, all  
alone  
Sameta hitomi no oku de nikushimi o dakishimenagara  
Jibun o urandemo itami wa kie wa shinai  
Eien ni ikiru kanashimi o dakishimete  
Inside of cold eyes that are embracing hatred  
Even if you despise yourself, the pain will not vanish  
Embrace the eternal sadness  
Kieta kimi o omoitsuzukeru koto shika dekinakute  
Boku no kawaru koto no nai kimi e no omoi wa  
Fukaku fukaku ima mo,  
Sou ... aishiteiru  
I can only keep remembering you who disappeared  
My unchanging feelings towards you  
Deeply deeply even now,  
Yes, .I love you.  
Tsuki akari ni terasarete kuchizusanda kimi no na mo  
kaze  
Ni sarawarete kieta.  
Illuminated by the moonlight, the wind even snatches  
away your name  
That I sing to myself.  
Yoake ni hohoemu kimi ga oshietekureta ano uta o  
Utaittsuzuke  
Hoshizora ni kaeru namida o kazoeteta  
Nando mo nando mo tada kurikaeshiteita yoru  
Aa, fukau fukaku ima mo  
Sou aishiteiru.  
I keep singing that song that you taught me, smiling in  
the dawn  
We were counting the tears that returned to the starry  
sky  
That night just repeated over and over again  
Ahh, deeply even now  
Yes . I love you.
