Atemonaku hitori samayoi arukitsuzuketa
Kasuka na toiki o tada shiroku somete
Utsuri kawari yuku kisetsu no sono hakanasa ni
Wake mo naku namida ga koboreta
"Ima mo aishite iru..."

Furitsuzuku kanashimi wa masshiro na yuki ni kawaru
Zutto sora o miageteta
Kono karada ga kieru mae ni ima negai ga todoku no
nara
Mou ichido tsuyoku dakishimete

Wakari aenakute nandomo kizutsuketeita
Sonna toki demo itsumo yasashikute
Fui ni watasareta yubiwa ni kizamareteita
Futari no yakusoku wa kanawanai mama ni
"Ima mo oboeteiru..."

Toozakaru omoide wa itsumademo mabushi sugite
Motto soba ni itakatta
Mou nido to aenai kedo itsumo soba de sasaete kureta
Anata dake wa kawaranai de ite

Translation

Walking around aimlessly by myself

Breathing a faint sigh, my breath turns white
Seasons change, and in this fleeting season..
My tears fall for no reason
"Even now, I still love you
Falling sadness transforms into pure white snow
I'm always looking at the sky above me
Before this body disappears, I want to reach the wish I
have now
Once more, I want to hold you
How many times have we not understood and hurt
each other
But even at those times, we were still gentle
Engraved on the ring that you suddenly gave back to
me
..Was our promise that will never come true
"Even now, I remember..
These far off thoughts are just brilliant flashes in my
memory
I wanted to be next to you
Even though I can't see you anymore, I'll always be next
to you
I never want you to change

I can't erase those last tears that you showed me [from
my memory

In your heart, if I disappear along with all these
snowflakes
I want to bloom [in your heart once again]
Don't forget the warmth of us being close together,
and hugging
Don't forget even if you love someone else
I'll never let go [of the memory] of when I heard your
voice last and so
..I just want to fall into a deep sleep
Continuously falling sadness transforms into pure
white snow
I'm always looking at the sky above me
Before this body disappears, I want to reach the wish I
have now
I want to hold you once more
"I want to hold you once more"
