-English Translation-
You're never around during the crucial times
You're not sure what's important to you
Someone's sick of you
You only chase after novelties
"Where did those good old days go!!!"

You have no right to lament things like that
Reflected in your eyes, my face doesn't return anything
From the beginning you must have known...
Rush down underneath these heavens
By yourself...
I wonder if your arms can catch my fostered body
"I'll save the things I believe in" you say
The angels are good at excuses with their nonsense,
but god's also good at lying
Reflected in my eyes, your tears are all phony
In the end I knew you must be smiling...
Embrace each other underneath these heavens
The two of us...
Your voice shouts, like it's reaching out to my broken
heart...
And then
Hold me tighter
In order to get something, you have to lose something
and someone will be hurt
Fall in love underneath these heavens
Just a little bit...
Because your voice lit a fire in my shyness
Because if these great emotions don't reach out
Courageously...
Your finger will strike the last blow to my shattered
heart
