~English Translation~

The orange autumn sky
Gently paints your cheeks a beautiful color

Winter passes, the sakura blossoms scatter

Your favorite season, summer, passes
We come to our second autumn
And I still haven't been able to tell you anything

It's just one word
Just the word "love"
The reason why I can't tell you
Is because I really love you

The times when you look so lonely
Are the days when the person you've given your heart
to is cold to you

With words that are contrary to my heart
I call out to your downcast figure
Your crying face turned from me
I really wanted to hold you

I patted your small shoulders with both hands
And with a false smile said, "It's okay"
Gave you a peace sign, and smiled...

It's just one word
Just the word "love"
The reason why I can't tell you
Is because I really love you

But I'm always by your side
Watching over you
