'Cause when I look inside my heart  
And I tell the truth to me  
Loud and clear my sould cries out  
With total honesty  
I need the fire, fire, fire  
To keep me warm I got to feel the fire  
My outer self looks happy as can be  
A perfect dream, love, as clear as I can see  
But just like that, real has hit me suddenly  
My outer is a liar  
'Cause when I look inside my heart  
And I tell the truth to me  
Loud and clear my soul cries out  
With total honesty  
I need the fire, fire, fire  
To keep me warm I've got to feel the fire  
My smiling face with laughter on the side  
You'd say no doubt I get passion every night  
But if in my bed your arms don't hold me tight  
Means it leaves much to be desired  
'Cause when I look inside my heart  
And I tell the truth to me  
Loud and clear my soul cries out  
With total honesty  
I need the fire, fire, fire  
To keep me warm I've got to feel the fire  
And if you looked into my eye  
And if you told yourself the truth  
You can't make a body hot  
If you don't light the fuse  
I need your fire, fire, fire  
To keep me warm I got to feel the fire  
It don't take a rocket scientist to know  
That if you don't fan a flame the fire will eventually go  
'Cause when I look inside my heart  
And I tell the truth to me  
Loud and clear my soul cries out  
With total honesty  
I need the fire, fire, fire  
To keep me warm I've got to feel the fire  
'Cause when I look inside my heart  
And I tell the truth to me

Loud and clear my soul cries out  
With total honesty  
I need your fire, fire, fire  
To keep me warm I've got to feel the fire  
I need your fire, fire, fire  
To keep me warm I've got to feel the fire  
To keep me warm I've got to feel it..  
Fire!
