~English Translation~

The days I spent with you were like a sweet dream

I thought that I would never lose them, but...

"I'm not the one reflected in your eyes"
Hanging my head low, I couldn't say anything to you

Even though I know that my love will never reach you
I continue to love you uncontrollably
I want to hold you in my arms one more
And never let you go again

You touched me gently, just a little shy
In the wavering light between the trees, you are no
more than the ephemeral summer heat

Even now I hold onto the warmth that you left behind in
my heart
Even though they warn me that the warmth will never
return...

Even though I know that my love will never reach you
I continue to love you uncontrollably
If I could only meet you here once more
I wouldn't let you go again

I'll never forget your smile
I kept calling out your name until my voice ran dry...

Even though I know that my love will never reach you
I continue to love you uncontrollably
I want to hold you in my arms one more
And never let you go

I will never let you go
