-English Translation-
So...
Don't say anything
You're just a little bit frightened now so
Don't say anything
You're just a little bit in grief so
In the last act, offer your prayers
The magic of the moon is... shalle a le rilla
Because we whisper in sugary voices
If just one more wish comes true
I want to join hands with you and laugh
Inside of the dream...
Inside of the memory, we'll definitely meet again...
If you can regain your smile
If your laughing self returns

Sadness will turn into kindness
"As that far off memory was..." with all your desires
The magic of the moon is... shalle a le rilla
If you can forget your tears
If you can touch your kindness
I want to sleep near you
If the magic of the moon vanishes
Because good-byes are visited again
If we can follow our feelings right now
I want to join hands with you and dance
Inside of the light, the place we should return to,
Because I'll meet you again somewhere
