I belong to you forever, I'll never let you go
I belong to you forever, ooh I love you so
I wish I could be just like the other boys
And take you out to dinner and buy you expensive toys
But I'm a poor man in a good band, I don't have lots of
money
But I could be the richest man if you would be my
honey

I belong to you forever, said, ooh I love you so
I belong to you forever, I'll never let you go
I belong to you forever, said, ooh I love you so
I belong to you forever, I'll never let you go

Take me, I'm yours and everything will be fine
Take me, I'm yours and I can be sublime
Take me, I'm yours and everything will be quite alright
Take me, I'm yours and I can be sublime

I belong to you forever, said, ooh I love you so
I belong to you forever, I'll never let you go
