Sometime i wish iÂ'd
disappear and fade away
more often then not i keep forgetting
true love it can never end in sorrow
i hope and i pray for comfort that never seems to come
they say what donÂ't kill you makes you stronger
so why am i lying on the carpet
convinced that if i sit still i will slowly wash away
i wish i could

(chorus)
disappear and fade away
this disappointment seems too overwhelming
disappear and fade away
canÂ't understand it please somebody help me

run back out of fear of starting over
accept what is well below the standards
embarrassed that self respect hasnÂ't seen the light of
day
consumed by a lack of motivation
but somehow you pull it all together
you put on some new perfure and you face another day
you heartache will

(chorus)

(bridge)

gotta keep it all together or iÂ'll break up
maybe take a shower wash off this makeup
maybe watch tv then get some sleep and feel better
when i wake up

even though these feelings are never brand new
they kinda makes you wanna believe that theyÂ're true
but in time youÂ'll see this misery will fade
thatÂ's just how these things do
and your problems will

(chorus)
