I can close my eyes and make this moment last  
as i watch raindrops of diamonds turn to glass  
as the flowers  
they were open  
right beside the strawberry fields  
like volcanic lava  
i melt into your passionate kiss

but what happened to us  
can't be explained by too much  
i just can't get quite enough  
i feel i'm falling in love

(chorus)

give a little take a little bit of my love  
if you're ready i'll show you what i've been thinkin  
of  
if you're willing i'll take you to the garden of love  
i just might surprise you babe

i'm swept off my feet i'm fallin

i feel i'm falling in love

i can close my eyes and sail around the world  
and i'll find a million lovers boys and girls  
just like the flowers they were open  
like beside the strawberry fields  
it's the passionate people  
we'll keep on movin  
that's how it is

cause what happens to us  
can't be explained by too much  
we just can't get quite enough  
we'll keep on falling in love

chorus
