Come to my arms
iÂ'll take you to a place
so far away

here in this space iÂ'll wash your tears away
with no delay
here in my arms
iÂ'll have every thing you deserve
quick in a flash
i will be there just say the word

but if you waitÂ...

(chorus)

you can wait a life time
look low and high and never find
peace mind
anytime
all you can know for sure is that i can love you even
more
thatÂ's for sure love you more

others have come and they have walked away

and brought heart break
though you may fear that i am just the same
iÂ'm not that way

here in my heart iÂ'll have every thing that you need
if you give back
iÂ'll receive it just wait and see causeÂ...

(chorus)

(bridge)

iÂ'm on the out side looking in and i can not find the
door
i have cofessed from deep with in
and i canÂ't take this no more
wil you be there

or would you care

(chorus)
