Special shout out, to the D-O-double-G
They can't tame ya so they framed ya for a 187 G
With a bow wow whoa, let me go, let me know
Lettin ya know I'm still down with my homies down

And ain't nuttin changed, ain't a damn thing strange
First name is still Ed, my middle name is still James
But hold up, wait! Let me pause for the cause
I'm bustin all them suckers that be givin up them

Let them slide up in your back, for a fat contract
More Famous than Amos, but your shit is still wack!
And Calvin Klein's, no friend of mine

[Keith Murray]

Now Keith Murray's in a hurry quick fast
to get up in that ass with some ol' ill shit, and a
paragraph
All y'all rappers comin with that happy-dappy
scared to be nappy shit makes me wanna laugh
Believe me you I'll come through with a crew,
that's sicker than the flu
You couldn't even take these niggaz to the zoo

Cause when I rap competition perform disappearin acts
and I jam like Smuckers
My style is funky like a six-pack of motherfuckers
Murray emphasizes on rough poetry
With formality, with no sympathy
I'm on the MC killer streak like John Wayne Gacy
with the funk, which is essential with my recipe
And I'm beatin Mother Nature down to her knees
by makin more papers than trees, niggaz please - it's
goin down

Chorus: [Ed Lover] + (Erick Sermon)

It's goin DOWWWN! (Uhh like this y'all)
(It's goin down like this like that y'all)
Y'all niggaz don't fuck around
It's goin DOWWWN! (Word 'em up like that y'all)
(It's goin down like this word 'em up)
