(Robbie)

Imagine you, imagine me

I got a feeling I know how it's gonna be, yeah

With just a kiss and then a touch

That leads to everything I want so much

So when your ready baby just say the word, yeah

I'll give you everything I know you deserve

Oh girl you've never really been loved before

So let me tell you, I got what you're waiting for

(All)

CHORUS:

Someone to give you, all that you need

Someone to love you, That's what you get with me

Someone to show you, how good it can be

Make no mistake about it that's what you get with me

(Criss)

Boy, take my hand

Don't be afraid

Your heart is something I could never break

And know for sure, without a doubt

That you got something I never want to live without

(Rina)

So when you close your eyes and drift off to sleep

(Criss)

Drift off to sleep

(Rina)

I wanna be the one who's there in your dreams

(Criss)

There in your dreams

(Rina)

And when you wake up boy with love on your mind

(Rina & Criss)

Just call my name and I'll tell you whatcha gonna find

CHORUS

Girl I heard in love there's no guarantees  
But I promise you just as long as I breathe  
I'll give to you a love so true  
All you have to do is do it  
Come on baby, let's get to it

CHORUS 2x

That's what you get with me
