So the day did come, when we got our chance to show  
the world  
That we can be apart, so with this contract we did start  
With no cash with no loans, we where making it on our  
own  
But very soon it got dark, it seemed like it all would fall  
apart

Is there no one who can help us now?  
Are we lost? Are we out of the game?

Will there be no release? Aaaah ah ah ah

We had a deal but no it's gone, we cannot finish what  
we've begun  
This can't be right, this must be wrong, where is this  
hell now coming from?  
So very close but still so far, will you help us to heal this  
scar?  
Time runs fast no hope in sight, our dream was fading  
in the night

There was a light that we did see, was it dream or  
reality?  
We must be strong and carry on, because it's here that  
we belong  
But suddenly the things did change, we would break  
out from our chains  
And finally we did see, the end of eternity

Finally we where seeing the end  
Finally it would be a release
