In the wood of silence  
I'll be waiting for you  
You know I need your blood  
Elixir of the immortals.  
My soul is dying for you  
My body don't resist, for more  
I am the king of shadows  
Slave into your kingdom of light.

[Chorus:]

Waitin' for the sun  
Dreamin' to be free  
When the shadows come  
I'll can see your face  
Then I will be dead  
But my soul will be alive  
Waitin' for the sun  
Dreamin' to be free.  
OH, father please forgive me  
Forgive me cause I hate you  
The whore life that you give me  
Now isn't enough for my dreams.  
Angels outcry for kill me  
I am the devils bearer  
Oh, fullmoon's night and poetry  
You know I only want to die.

[Repeat Chorus]
