When the moon comes up the sun goes down
Rita starts her creeping around
Flame in her blood fire on her breath
Fourteen names carved on her chest
She got a rose tattooed on her thigh

Young men raise and sigh
Make my my young blood wild

My baby's got the Cadillac walk
The Cadillac walk
She's got the Cadillac walk
Cadillac walk
When Rita turns down her bed
Grown men plead and beg
Baby honey baby you're the one
Carve your name right on my gun
Oooh

Ain't she something nice
Bones rattle my dice
Ooh
My baby's got the Cadillac walk
The Cadillac walk
She's got the Cadillac walk
The cadillac walk
Lonely late at night honey hear my call
She said "boy I'm gonna make you crawl"

Rita pound by pound
Knows how to work it on down
Weep and moan to and fro
Leave your heart she'll steal your soul
No matter what the cost
Them dual exhausts
Make my motor sigh

My baby's got the Cadillac walk
She's got the Cadillac walk
She got the Cadillac walk
Cadillac walk

Lonely late at night honey hear my call
She said "boy I'm gonna make you crawl"
Rita pound by pound
Knows how to work it on down
Weep and moan to and fro
Leave your heart she'll steal your soul
No matter what the cost
Them dual exhausts
Make my motor sigh

My baby's got the Cadillac walk
She's got the Cadillac walk
She got the Cadillac walk
She got the Cadillac walk
Whoa.
