Son of a Tokyo Rose
I was bound to wander from home
Stranger to whatever I would awaken to
Spun the wheel
Took a shot in the dark
One way ticket and a run-away heart
Sailor's dream came true the night I dreamed you.

Through the neon doorways
Down the stony streets I fell
All hands high side all eyes are red
I follow
Sailing shadows reds & blues
Curtains drawn but I saw through
The window to your soul and I found you.

Refrain: Whoa oh, oh, oh, the Harbor Lights of Venus
Shinin' through the breeze
That brings me back
To you my love, to you my love, to you my love...

My eyes must be betrayin'
Let that lonesome jukebox playin'
Something 'bout the Harbor Lights is callin' me
Back to some Jamaican Bay
Doesn't seem so far away
Keep the change but I'll repay these memories.

Dawn came in this mornin'
Like some old junked out melody
The words she spoke and we awoke still haunt me
What you feel too
Won't reveal you
Let me steal you from my life.

Of Venus a shinin' through the breeze
That takes me back
To you my love, to you my love, to you my love...
