I got your number  
I know you're gonna be there when I call  
I got your number  
I'd say you ain't got no choice at all

I took your head from lonely, chased your pain away  
I gave you more than loving in my special way  
I shocked you out of boredom, made you a faithful wife  
Gave you an education on the facts of life

In you there's come a change  
I'll be damned, I got you trained  
That's why I, I, oh I know

I got your number  
I know you're gonna be there when I call  
I got your number, mama  
No, you ain't got no choice at all

Why listen to your girlfriends when they can plainly see  
That the boy that they call lover ain't half the man as  
me  
Hey, I don't have to prove nothing long as you're  
satisfied  
Cause if you need more loving  
There's plenty more inside, yeah

Just tell them I'm glad that he's my man  
Something they'll never understand  
That is why I

I got your number  
I know you're gonna be there when I call  
I got your number, baby  
So you ain't got no choice at all  
I got your number, girl  
I know you're gonna be there when I call  
I got your number, mama  
No, you ain't got no choice at all

My hat goes off to you for lovin' me the way you do

Even though I know, pretty baby, that I

I got your number  
I know you're gonna be there when I call  
I got your number, mama  
Said you ain't got no choice at all  
I got your number, baby  
No, you ain't got no choice at all  
I got your number, mama  
Oh, you know you better be there when I call  
I got your number, girl, oh

I got your number  
I know you're gonna be there when I call  
I got your number, baby  
Said you ain't got no choice at all....
