Go ahead and ask me, you know that I don't lie
But I've found another woman who's caught my eye
But I wasn't lookin' for someone new
But then you weren't around when I needed you

So look what I've got to come home to
She don't mistreat me like you used to do
Just look what I've got to come home to
If you treated me right I'd be comin' home to you

You never did nothin' to make me stay
Now you wanna know why you throw'd me away
I'll give you a reason, it's easy to see
When I was around, you didn't have time for me

Look what I've got to come home to
She don't mistreat me like you used to do
Just look what I've got to come home to
If you treated me right I'd be comin' home to you

Yeah, look what I've got
Take a look what I've got
Look what I've got to come home to

It's too late now for you and me
To be the same as we used to be
You've had your chance, we've tried to make it again
But now you walked out and she's walked in

So look what I've got to come home to
You never loved me like this little girl tries to do
Look what I've got to come home to
If you treated me right I'd be comin' home to you

Hey, look what I've got
Look what I've got
Take a look what I've got
Look what I've got
Take a look what I've got myself

Look what I've got
Take a look at myself

Take a look at me
Take a look at myself
Look what I've got
