You say that you'll love me anyway  
But I know it's not in your eyes  
You say you can take it night and day  
But I know it's an alibi

Deja, where did we go wrong?  
You said that you'd be mine ~til the end  
of time  
Love me tomorrow, love me tomorrow  
Love me tomorrow, love me tomorrow

I say it's a sad sort of play  
When you never let in my lines  
You say that I'm better off this way  
But I know it's all in your mind

Deja, where did we go wrong?  
You said that you'd be mine ~til the end  
of time  
Love me tomorrow, love me tomorrow  
Forget all your sorrow, love me tomorrow

Deja, where did we go wrong?  
You said that you'd be mine ~til the end  
of time  
Love me tomorrow, love me tomorrow  
Forget all your sorrow, love me tomorrow
