Senza fine
Let it always be senza fine
There's no end to our love
Our hopes our dreams our sighs
No end at all, no sad goodbyes
No fears, no tears, no love that dies

It's senza fine
Let it always be senza fine
Never-ending
The sunlit days, the moonlit nights
The sea, the sand, the starry heights
Are yours and mine forever

All we are and all we know
Is love and love alone and so
The world may spin its weary way
Its lonely night and lonely day
While we go floating far above
In never-ending timeless love, it's senza fine

All we are and all we know
Is love and love alone and so
The world may spin its weary way
Its lonely night and lonely day
While we go floating far above
In never ending timeless love, it's senza fine

Let it always be senza fine
Never ending
The sunlit days, the moonlit nights
The sea, the sand, the starry heights
Are yours and mine forever
