I don't have to beg you to hold me
'Cause somebody else will
You don't have to love me when I want it
'Cause somebody else will

Your some kind friends say, you don't need it
When all the time they're trying to get it, look out

Your good thing is coming to an end
Your real good thing is about to end

All those nights I watched the four walls
I didn't have to watch them all alone
When another women said she wanted me
I didn't have to tell her I was your baby

You had all the love I've got
But even ice melts to water when it gets hot

Your good thing is coming to an end
I mean your real good thing is about to end

And getting myself back together
Is gonna be tough I know
But when the right woman comes along
You can bet, I won't say no

Your real good thing I said is coming to an end
Your real, real good thing is about to end

Some kind friends say, you don't need it
When all the time they're trying to get it

Look out, your good thing is coming to an end
Talkin' about your real, real good thing said is coming
to an end

Talkin' about the good thing, the real thing
Gonna be a brand new day
When your good thing goes away
Call me mister, gone, gone, gone, gone, gone away

You'd better have somethin' goin' on
'Cause, your good thing is movin' on
Talkin' about your good thing is coming to an end
