I know a night
Not over the street
But a night that will always be me

That road that I went down
When I was just about 6 years old
That song
That was made not only just me
But also you
That wonderful night

Those songs we heard
Not only just our song
But those lyrics that you never heard
On that Wonderful Night

That road that I went down
When I was just about 6 years old
That song
That was made not only just me
But also you
That wonderful night

Although I don't hear you
All the time _____
and I do not see you
that much any more
I still love you

That toad that I went down
When I was just about 6 years old
That Song
That was made not only just me
But also you
That wonderful night

That wonder full night (W O N D E R F U L N I G H T)
