Snow is falling, spreading Christmas cheers  
Uncle Wally's had one too many beers  
Mom and Dad have put aside their strife  
She'll bring her new partner, he'll bring his fourth wife

A dysfunctional family Christmas, the craziest time of  
year  
We'll go broke and snort some coke as the holiday  
grows near  
Dysfunctional family Christmas, it's happening  
everywhere  
Visiting all your relatives and pretending that you care

Ho ho ho, hee hee hee, let's go steal us a Christmas  
tree  
Deck the halls, fa la la, here comes my cousin in her  
Wonder bra (yee ha! )

Dysfunctional family Christmas, traveling through the  
snow  
This year's mine and next year's yours, bored to death  
'til it's time to go  
Dysfunctional family Christmas, caroling all the way  
Take my advice, just try and make nice  
It'll soon be another day

Who remembers Jesus anyway?  
Buy more crap, give your wife a slap, have a happy  
holiday!

Dysfunctional family Christmas, it only comes once a  
year  
So suck it up and have another cup of that high-test  
Christmas cheer
