Some say faith
Is just believing
Others say it's self decieving
Vinning, childish dreams
To get us through
Deep inside me
There's a yearning
For true wisdom
Not just learning
I'd trade all my clever questions
For one answer that is true
I do believe
You are the one
The home I've longed to find
My only hope
God's only son
I do believe
I touch I see
That all along
You've longed to be
My lord
My god
Lord you know, I need some answers
Questions eat at me like cancer
Make me once again, a simple child
Help me take the risk of losing
Lose it all to find in choosing
To believe You are the answer
Earth and heaven reconciled
I do believe
You are the one
The home I've longed to find
My only hope
God's only son
I do believe
I touch I see
That all along
You've longed to be
I do believe
You are the one
The home I've longed to find

My only hope
God's only son
I do believe
I touch, I see
That all along You've longed to be
My Lord
My GOD
My Lord
My GOD
