The girl downstairs has golden hair  
That sparkles when it shines  
And watching from my window makes me want to make  
her mine

Whenever I see her I feel some confusion  
But it's an illusion  
That maybe she'll look at me  
And someday she'll want to be  
The woman of my dreams

The girl downstairs is waking up  
I just heard her TV  
And one of these days if I have my way  
She'll be waking next to me

She's out of my league, but not in my dreams  
She's always what she seems  
And if I get caught in a bind  
She never is far behind  
At least not in my dreams

The girl downstairs just smiled at me as I went to park  
my car  
Start to thinking maybe that it's not just me  
Who's admiring from afar

It's not a bad thing, it's just an obsession  
I'll make that confession  
Now I have to go downstairs  
To see if her love is there  
And not just in my dreams

The girl downstairs got real scared  
Called the cops on me  
And now they say I've got to go away  
I've got to let her be

I guess I was wrong – I guess it was me  
That it wasn't she  
But over at my new place  
There's a girl with a pretty face
