I've got a little bitty house on a little bitty street in the
little bitty
Town of Ukiah
I've got a little bitty lawn and a little bitty garden where
we're
Growing everything but papaya
When we walk down the street everybody we meet likes
to smile
And say how do you do
But although I've got a lot the best thing I've got is a
lovely little
Girl like you

I've heard a lot of people say that the winters are too
gray and the
Summer's too hot in Ukiah
But I lived in Wichita and in Philadelphia where the heat
and the
Humidity's higher
So I really don't mind if it's raining all the time from
November to
The month of June
And even on the hottest day I know that I'll be ok just as
long as I can be with you

Chorus
I've got a lovely little girl in a pretty little town
And I'm never gonna go away
Just you and me in Ukiah
And this is where we're gonna stay

Well I used to be so sad I was always getting mad,
everyone was
Always mad at me
Now I no longer scream and shout, 'cuz I learned to
mellow out
That's the way I always heard it should be
And when I get old and gray all I want to do all day is to
walk
Along the streets of Ukiah
But whenever I do I sure hope that I'm with you, 'cuz I'll
love you

'Till the day that I die-a

I've got a lovely little girl in a pretty little town
And I'm never gonna go away
Just you and me in Ukiah
And this is where we're gonna stay
(Repeat last two lines)
