It's a dream
You don't want to confess
It's extreme
and we call it Xs

The sound of Italy
We're popped it up
And bring it to ya
Xs from Dj Molella

There is something that you cannot hide
and it's something we all have inside
There is something that you cannot hide
and it's something we all have inside

It's a dream
You don't want to confess it's extreme
and we call it Xs
It's a dream
You don't want to confess it's extreme
and we call it Xs

Desperation
If you're not loving me
good vibration
When you're looking at me
Desperation
If you're not loving me
good vibration
When you're looking at me
it's a dream
You don't want to confess it's extreme
and we call it Xs
it's a dream
You don't want to confess it's extreme
and we call it Xs

There is something that you cannot hide
and it's something we all have inside
There is something that you cannot hide
and it's something we all have inside

It's a dream
You don't want to confess it's extreme
and we call it Xs
