I tried to call you but you were gone  
Way too busy stickin' the labels on  
Deciding who will swim in the talent pool;  
And what is cool  
Cultivating more popularity  
Overly concerned with what not to be  
Trendy little fashions that please the eye;you'll televise  
Whatcha gonna do tomorrow?  
Whatcha gonna do when it's over?  
I just don't fit into the clique  
You're so hip you make me sick  
Whatcha gonna do tomorrow?  
Pay no attention to quality  
Churning out the pap like a factory  
The only standard is how ya feel; not what is real  
You never heard a word that I said  
Totally convinced that the sound was dead  
Creating categories that fit the times; condition minds  
You move them in and move them out like they were  
cattle  
Burn a brand into their hide  
With all apologies to L.A. and Seattle  
Cloning is artistic suicide
