My mind is like a video of memories
But I don't know if I'm crazy
In the classroom I would pray
I wouldn't have to read that day, I was lazy

People thought but didn't say
I turn the page of red and gray, I'm bolder
The golden boys who got the girls
Are going bald with no more curls, they're older

Well, the moon is full tonight and I'm going back
Tell me where you are tonight
'Cause I'm going back to my school
Going back to my school

Teachers smirked but never knew
What I had inside and when I'd grow I'd show them
But I realized the other day
It wouldn't matter what they say, I'd know when

Well, the moon is full tonight and I'm going back
Tell me where you are tonight
'Cause I'm going back to my school
Going back to my school

You locked me up inside
My feelings I denied

Well, the moon is full tonight and I'm going back
Tell me where you are tonight
'Cause I'm going back to my school
Going back to my school

Well, the moon is full tonight and I'm going back
Tell me where you are tonight
'Cause I'm going back to my school
Going back to my school

Tell me where you are, oh
Tell me where you are tonight, oh

Tell me where you are tonight
