Passing through Shanghai
Looking down
On my way to Bombay
Looking down

I was in search for something
Looking down
A little out of the ordinary
Looking down

There is a place in space beyond our sense of time
There is a time beyond space
Sea of tranquility, tranquility

A patchwork quilt of sea and land
Leave the ground
The magic of the creator's hand
Looking down

A kaleidoscope view that changes in flight
Speed of sound
A cosmic array of artistic delight
Speed of light

There is a place in space beyond our sense of time
There is a time beyond space
Sea of tranquility, tranquility

Dreams soaring high
Dreams soaring high

Dreams soaring high
Dreams soaring high

There is a place in space beyond our sense of time
There is a time beyond space
There is a place in space beyond our sense of time
There is a time beyond space
Sea of tranquility, tranquility, ty, ty, ty
