Round & round & round it goes
Where it stops nobody knows
Through the rain & through the snow, they
Wind it up & Watch it go

Tilt-A-Whirl - Don't know how it started
Tilt-A-Whirl - But I can't get off
Tilt-A-Whirl - I don't think I like it
Tilt-A-Whirl - But I just can't stop

Round & round & round it goes
Where it stops nobody knows
Hickory Dickory Dickory Dock
It's all a game of beat the clock

Tilt-A-Whirl - Don't know how it started
Tilt-A-Whirl - But I can't get off
Tilt-A-Whirl - I don't think I like it
Tilt-A-Whirl - But I just can't stop

There's much to be said for laboring in obscurity
It's as underrated as the benefits of suffering
(round & round)

Tilt-A-Whirl - Don't know how it started
Tilt-A-Whirl - But I can't get off
Tilt-A-Whirl - I don't think I like it
Tilt-A-Whirl - But I just can't stop

Tilt-A-Whirl - 'cause it breaks my neck
Tilt-A-Whirl - And it curves my spine
Tilt-A-Whirl - And I can't get my balance
Tilt-A-Whirl - On this carnival ride
