Everyone's got an answer
And everyone else knows best
But it's always easier said than done

It doesn't matter what you do
There's also someone else who knows better than you
Even if they've been involved at all
In the kind of things that you do
They can always point you in the right direction
Give you tips and a masterclass on how to get on

Everyone's got an answer
And everyone else knows best
But it's always easier said than done

There are those who have verbal diarrhoea
Some, it seems have just got not no fear
Some are just downright dangerous
We'd all do well to steer clear
It's always easier than you think
Or so the others may say
But they're not the ones who are taking the risks
In the cold light of day

Everyone's got an answer
And everyone else knows best
But it's always easier said than done

Everyone's got an answer
And everyone else knows best
But it's always easier said than done
