Floating in the dead sea salts, staring at the sky  
Above  
Watching all the payloads pass, crushing the peace  
White dove  
Turning the pages of a paper, images of hate and war  
Tweaking at my conscience, what is it all for?  
Drifting ion the dead sea salts, staring at the endless  
Blue  
Looking for another opening, trying to get some truth  
Should I stay above or should I go below  
Would I find a better place to drown in my sorrow?

Karma for one, karma for one  
Lost in my World  
Silent in my World  
Karma for one, karma for one  
Safe in my World  
Me and my karma for one

Lying in the dead sea salts, staring at the vapour  
Trails  
The beauty of the beast above, such irony beguiling me  
Aloof and alone in the sky, I wonder if they wonder  
Why?  
Pushing the button of fate, another terrorist state  
Soaking in the dead sea salts, waiting for the World to  
Turn  
I could wait a million years in this pool of salty  
Tears  
Maybe I should drift away lighten the weight on my  
Shoulders  
Could I find a better way to live all my tomorrows?

Karma for one, karma for one  
Lost in my World  
Silent in my World  
Karma for one, karma for one  
Safe in my World  
Me and my karma for one

Shooting up the shanty towns, blowing holes in the

Roads to freedom  
A sad matter of a sick dÃ©jÃ© vu, yes we've seen it all  
Before  
Bathing in the blood of the victims of yet another war  
Of attrition  
It never had to be but it is, it is now, it is here, it  
Is real  
Here in the heart of the Holy Land, surely there's some  
Contradiction  
Here's to the end!  
Cheers to the end!  
Here's to the end!
