I'm getting nervous, all this loose talk of war
But still so many problems closer to home, seem to be
Ignored
If you want to be a real hero It's the mundane things
In life
Education, the Health of the Nation which need putting
Right

Now, let me take your hand, I'll lead you to the
Promised land
You know you can trust in me, I'll be right behind you,
Just wait and see!

Don't listen to the mad man, he got insanity in his
Eyes
Doesn't know what he's talking about, no sincerity only
Lies
Vacant glances, taking chances, sounds like the
Rhetoric of fools
He's a man of material mean's, I'm not sure what he's
Trying to prove

Now, let me take your hand, I'll lead you to the
Promised land
You know you can trust in me, I'll be right behind you,
Just wait and see
You have to understand that I'm the man who ties your
Hands
Politically, economically, yes, I'm the controller of
Your destiny

It's a dangerous path we are taking
Beware of false prophets spinning yarns of deceit

Now, let me take your hand, I'll lead you to the
Promised land
You know you can trust in me, I'll be right behind you,
Just wait and see!
Yes, you have to understand that I'm the man who ties
Your hands
Politically, economically, yes, I'm the controller of

Your destiny
