Yo, hangin' low, chiefin' high

Time to make you haters cry

Circulatin' gossip 'bout the lady you deserve to die

Memphis Queen will set it off

Never ever play me soft

Always 'bout my business, be a witness while I write you off

Please stop beepin' me, since I fuck you won't stop beepin' me

Is it cause you sippin' on that syrup or takin' ecstasy?

I don't wanna play wit you, Mrs. Villain Gangsta Boo

Got no time for you cause I be busy with my fuckin' crew

Out to get some paper and you know just how the ball bounce

Yellin' fuck a hater, blowin' hydro smoke up out my mouth

Ridin' with the limo tint, system bumpin' triple 6

Just a lovely lady independent tryin' to make it rich

Just to let you know I peep you out and how you look at me

Ballin' in yo' friends Mercedes, smiling like you foolin' me

Never are you foolin' me, ladies represent with me

How you got the clout when, nigga, you be out here
chasin' me?

What these niggas want from a bitch?

(What you want)?

What these niggas want from a bitch?

(Really want)

What these niggas want from a bitch?

(What you want)?

What these niggas want from a bitch?

(Really want)

What you niggas want from a bitch?

You niggas makin' me sick

Be actin' like you a baller just to get in my shit

'Cause a lady, I she don't want no scrubs

A scrub is a nigga that can get the fuck from me

And glistenin' in yo' white gold chains

Saw me ridin' in the Benz nigga doin' my thang

So I don't need you, I got my car keys plus a check
book

Two way constantly jumpin' sendin' me messages Boo,
I love you

Anyway, playa I'm a say what's on my fuckin' mind

I don't give a fuck what you write I ain't fantizin'

Ok got a car, ok got that ice, ok nigga cool shit ya life is
aight

Now what ya wife be tellin' me ya business my nigga

I don't care about your figures, I'm a playa my nigga

I'm a mack till I fall y'all, keepin' it tight

So tell me why you wanna get with Mrs. Lady Aight?

What these niggas want from a bitch?

(What you want)?

What these niggas want from a bitch?

(Really want)

What these niggas want from a bitch?

(What you want)?

What these niggas want from a bitch?

(Really want)
