I don't see why I should have to pay more  
When I walk in to a convenience store

I don't care how bad they taste  
I won't let them go to waste  
Two hot dogs for 99 cents

I'm always looking for the better deal  
The camera's watching to see what I steal

I don't care how bad they taste  
I won't let them go to waste  
Two hot dogs for 99 cents

I look up at the sign  
It says two for 99  
I see there's only one left  
I need to talk to the chef

I use condiments because they are free  
They seem to be all set up just for me

I don't care how bad they taste  
I won't let them go to waste  
Two hot dogs for 99 cents
