Yeah, yeah, yeah
Looking at you
Today, yesterday

I've been look-uh look-uh your face
Come on, you won't put me for shame
Your name, sounds so beautiful
Everything you get your my baby
...
When I look into your eyes, oh baby I go crazy

Chorus:
Foreign language

Come on
So baby, try to understand
See, I want to be your man
When I look into your eyes
I no say you blew my mind
In your eyes, so bright
And your smile, it's so nice
And I'm ready to be loyal to you
And respect you, give you all my love
And Wrotect you

Chorus:
Foreign language

Looking at you
Looking at you
Looking at you
Looking at you
Looking at you
Looking at you
Looking at you
In your eyes
Looking at you
Looking at you
Looking at you
Oh na nana
Oh na nana

Looking at you
In your eyes
Looking at you

Your body, when will I see
My body...
Your eyes, your smile
Are you ready to do more, you pick my soul on fire
Make me go so higher
Now you be my heart desire
I will do anything

Chorus:
Foreign language

I've been looking at you
Looking at you
Looking at you
Looking at you
Looking at you
Looking at you
Looking at you
Looking at you
Looking at you
Looking at you
Come on, let's do it
Looking at you
Looking at you
Your body
Looking at you

(Foreign language)

Looking at you
Looking at you
Looking at you
