I'm sorry for what I've done
I know I've hurt everyone
It's time for me to change
And become a betterman

I've lived too many lives
I've told too many lies
I hope I can change
And become a betterman

I'm so sorry. I'm so sorry
I wish it was a different story
I wish I was a betterman

I live in the third degree
It always tortures me
I need to leave this place
And become a betterman

I'm searchin' for sympathy
But, it never follows me
It's time for me to change
And become a betterman
I'm so sorry. I'm so sorry
[Repeat Chorus]...

I said things that I wish that I never said
Tired of sleeping inside my head
When will things be as they were before?
Woken up from a dream to find

I've lost everything that I had
Swept under a welcome mat
Will they forgive me
When I'm a betterman?

I'm shedding my extra skin
I'm taking the wrong medicine
If I disappear now
Am I a betterman?

I'm so sorry. I'm so sorry

[Repeat Chorus]...
