I'm in a world of reality  
But think again cause it's misery  
How come I feel like I'm on the run  
Turns a boy into a man?

Can't get through  
I'm out in the blue  
Look what you put me through  
I'm out in the blue

Tell me this  
Would you follow me to hell and back?  
Are you living in a broken dream?  
I've been hiding my demonic side  
Because the promises were lies

My world's spinning in a roundabout  
I wake up scared and I scream and shout  
What kind of man rides a chicken race?  
A boy who wants to be a man

Can't get through  
I'm out in the blue  
Look what you put me through  
I'm out in the blue

Tell me this  
Would you follow me to hell and back?  
Are you living in a broken dream?  
I've been hiding my demonic side  
Because the promises were lies

Somebody save me  
You'll never understand  
You think maybe it's complicated  
Baby what you see is never what you get

Would you follow me to hell and back?  
Are you living in a broken dream?  
I've been hiding my demonic side  
Because the promises were...  
Would you follow me to hell and back?

Are you living in a broken dream?  
I've been hiding my demonic side  
Becasue the promises were lies
