Hold up your end
And I'll hold up mine
Dancin' all the time
Dancin' all the time
And too late father
You know that that's for sure
You never find a way
Never find a way
So gather around
And see what the day brings
And see what makes you laugh
And see what makes you sing
And never, nevermind
The thing that people say
You'll never go away
You'll never go away
Who knows where the storm will take us
Who knows when the pain will break us
When will all the g's be given
Another chance to live in freedom
Hey now

Get your heart, get your heart

Off of the shelf

Make the grey sky blue

Yeah, I'm talkin to you

And nevermind

The sick and the afraid

Askin' out today to see a brighter day

So gather around

And see what the day brings

And see what makes you laugh

And see what makes you sing

And never, nevermind

The thing that people say

You'll never go away

You'll never go away

Who knows where the storm will take us

Who knows when the pain will break us

When will all the g's be given

Another chance to live in freedom

So gather around

And see what the day brings

And see what makes you laugh

And see what makes you sing

And never, nevermind

The thing that people say

You'll never go away

You'll never go away

So gather around

And see what the day brings

See what makes you laugh

And what makes you sing
