you see me through wear and tear and your love
comes without a warning
you bring me to life
everyday shaping my doubts your reassurance is
delicate
your words form a lie

I'm so sorry for what I have become
if you love me, you can love anyone

can I live inside your world and find solace in your
affection
in this foicle (?) life
I can still picture your breath it's singing like a
symphony
can I hear you tonight

I'm so sorry for what I have become
if you love me, you can love anyone

you are what I need today
you are leaving me someday

I'm so sorry for what I have become
if you love me, you can love anyone
