One sign
At the back of beyond for your eyes
I'll give you my heart and my mind
But I don't wanna waste our time
Ooh

One sign
If you want I can work all the time
Cause I know we could live in the sky
If you let me stay by your side
Ooh

Ooh
One sign
At the back of beyond for your eyes
I'll give you my heart and my mind

But I don't wanna waste our time
Ooh

One sign
If you want I can work all the time
Cause I know we could live in the sky
If you let me stay by your side
Ooh

Ooh (x3)

One sign
At the back of beyond for your eyes
I'll give you my heart and my mind
But I don't wanna waste our time
Ooh

Ooh (x3)
