You're Always On My Mind
Jim Gold & Gallery

Girl, you're always on my mind
No matter what the future hold
I'll know you're there for me

Time is always on my side and whether it be right or
wrong
That's how it's got to be

I've tried to be the kind of man you're proud to call
your own
Treated you as nice as I know how
Get you anything you want, anything at all
The greatest gift there is, is just too small

Honey, I've got you what more do I need...
My life is complete and satisfied
Honey, you're my bride

Musical Interlude...

I've tried to be the kind of man you're proud to call
your own
Treated you as nice as I know how
Get you anything you want, anything at all
The greatest gift there is, is just too small

Honey, I've got you what more do I need
My life is complete and satisfied
Girl you're always on my mind...
My life's complete and satisfied
Uuum, you're always on my mind...
