

## Galloglass "The Quest"

Visit "[The Quest](#)" on [MotoLyrics.com](https://MotoLyrics.com)

There's a secret hidden for you  
Try to solve it and find out the clue  
If you find out what we say  
You get the story in the right way

Take your chance

Look at the stone  
It's hiding the truth  
Guess what the inscription is telling you  
Look at the stone  
It's hiding the truth  
Guess what the inscription is telling you

Read the fragments in the line

And the secret you will divine  
Hidden in numbers, there lies the truth  
Put them in order, you have nothing to lose

Take your chance

Look at the stone  
It's hiding the truth  
Guess what the inscription is telling you  
Look at the stone  
It's hiding the truth  
Guess what the inscription is telling you
