You said, "Believe me please."  
No way, don't get close to me, go away  
You have no idea, always

Kage dake ugomeku  
Tada hitori odoru  
Asu ga sukete mieru

[Refrain:]  
Omae no sono yume ja  
Kono saki nani mo umarenai  
Onore no genkai wo shiru dake

I don't wanna look at your face  
You should go some other place  
The time spent with you is disgrace

Takehiki ga yureru  
Tada hitori mo gaku  
Asu ga sukete mieru

Omae no ikikata ja  
Mirai wa nanimo kawaranai  
Onore no genkai wo shiru dake

[Chorus:]  
There is no time in your life  
Fall in the dark  
You do not know the truth of your life  
Live in the dark  
I will see the way to go  
You understand  
I hate you and you hate me so

[Refrain]

[Chorus]
