FUCK!
Misery fucking loves me
And her love her so.
She is the cold embrace,
No escape,
When I'm left alone.
Misery fucking loves me
And I love her too
She is the dying breath
Of nothing left
That I've become accustomed to.
There is nothing left for me
I want to kill myself
Just for relief
Black cloud,
death shroud
weight of the world,
dragging me down
I have nothing to offer anyone
???
coming undone
misery, is my only friend,
she's a cold fucking slut,
but she is not the end.
Misery fucking loves me
But I love her more
She is the last light(?)

The dark night,
Noose round my neck
The hole in the floor
There is nothing left for me
I want to kill myself just for relief
Black cloud
death shroud
weight of the world,
dragging me down
I have nothing to offer anyone
??? coming undone
misery is my only friend
she is a cold fucking slut,
but she is not the end

MISERY!
Misery fucking loves us
AND WE LOVE HER TOO
Misery fucking loves us
AND WE LOVE HER TOO
Misery fucking loves us
AND WE LOVE HER TOO
Misery fucking loves us
AND WE LOVE HER TOO
