Look the tower, the dictator lives in  
He brings us that the fear of the evil  
Now the time, we are breaking the chains of pain  
We are the one

The end of the long days in vein  
Take a free  
Breaking through the dark  
We will fight in the eternity

United flag  
Now we are marching on the way  
Our victory has carved in stone  
So, it is not a dream  
Facing the truth  
Now I know what I have to do  
No one can stop the power of the free  
Shatter the kingdom

In the night, I've been searching the answer  
A calling voice have lead us to the land  
Gathering of the spirits like burning steel  
We are the one

The existence, we believe and keep the faith  
Breaking through the dark  
We will fight in the eternity

United flag  
Now we are marching on the way  
Our victory has carved in stone  
So, it is not a dream  
Facing the truth  
Now I know what I have to do  
No one can stop the power of the free  
Shatter the kingdom

Can't you hear that the wolves are howling  
Feel the moon light that bring us the victory

Gathering of the spirits like burning steel

We are the one

The existence, we believe and keep the faith  
Breaking through the dark  
We will fight in the eternity

United flag  
Now we are marching on the way  
Our victory has carved in stone  
So, it is not a dream  
Facing the truth  
Now I know what I have to do  
No one can stop the power of the free  
Shatter the kingdom

United flag...
